True West is a comedy of mirrors. Two brothers compete in a brutal and childish manner; they fight because they admire and scorn each other, maybe because they hate or love each other. The epic of the desert plains contrasts with a bad screenplay of a film that was probably never shot. The immeasurable desert projects its size over a filthy room and disproportionate fantasies turn into minor offenses.
True West is a genuine dark comedy in which Sam Shepard mixes direct, imaginative and musical language with a poetic prose and a perfectly delimited atmosphere to create a complex and rich dramatic story, and characters that will take the audience to a cathartic and surrealistic ending.
