

The start time for shows programmed on Saturdays has been brought forward to 7:00 p.m.

Teatro Cervantes has made this decision in order to adapt to mobility and scheduling restrictions arising from the State of Alarm and its specific application in the Autonomous Community of Andalusia. Likewise, with this new show time, Malaga's municipal theatres seek to favour the activity of the hospitality sector, one of the most affected in Malaga by the health crisis. The city's municipal theatres will remain attentive to any modifications of the regulations.

Shows brought forward to 7:00 p.m.
