2022 FETEN AWARD FOR BEST SHOW FOR LITTLE CHILDREN

The audience will depart, through games, on a journey that recalls the construction and deconstruction of images during the first years of life, recreating a magical and fantastic imaginary world. From shadows to light, from the abstract to the figurative, a set of changing images will create a show of surprising dreamlike images.
Teatro Paraíso, a company from Vitoria, has been performing for more than 40 years. Well-known for its innovation of subjects, formats and work methods, it has always been committed to quality, constant improvement and to its audience, society and the profession of acting. The company's line of work is diversified, including the creation and performance of pieces for the stage geared at children and youth, as well creation and training projects for spectators.
