An adorable tramp...

An interactive audience...

An unforgettable encounter!

An endearing visual comedy full of magic and laughter.

Directed by Gromic ... and the magic of the moment!

Michaël, who is from Brussels, communicates every day in 6 languages; and yet you won't hear many words from his adorable character 'Gromic'. 'Gromic' does not speak; he only gives us a glimpse of his enchanting personality. Inspired by the age-old tradition of the world of clowns and magic, Michael's visual comedy shows have conquered the hearts of spectators at festivals and theatres all over the world, surpassing the barriers of language and age.
