[4th GALA OPERA XXI AWARDS]

Ópera XXI, the association that brings together the 25 most important theatres, festivals and regular opera seasons in Spain, has been sponsoring the Ópera XXI awards since 2018. The purpose of these awards, the most important in the field of opera in Spain, is to acknowledge the best opera and zarzuela activity on Spanish stages. The Opera XXI awards aim to continue consolidating the visibility and the essential contribution of opera to Spanish society and its role as a necessary asset, and to assert the role of culture in our lives. The awards are supported by the National Institute of Performing Arts and Music of the Spanish Ministry of Culture and Sport (INAEM by its acronym in Spanish). The annual award-giving ceremony is held at the different theatre spaces that belong to the association.
