"Jules Verne, writer, creator without limits and founder of modern science fiction. We could not just choose one of his novels, so we pass from one to the other, creating fiction inside fiction with some of his most emblematic books: *Journey to the Centre of the Earth*, *Around the World in Eighty Days*, *Twenty Thousand Leagues Under the Sea*, *From the Earth to the Moon* and *The Mysterious Island*. And educational, entertaining and participative show." Acuario Teatro
