"*Cabaret 50 años del mayor show* is a unique journey through the main European and American cabarets. We will travel to the turbulent 20s, 30s, 40s and 70s and will bring together in one place their most famous stars, including Marlene Dietrich, Édith Piaf, Liza Minnelli, Charles Chaplin... We will start at the famous KitKatClub in Berlin, and stop in New York, London and Paris.

What makes *Cabaret 50 años del mayor show* unique, fresh and different is the use of songs and numbers that fulfil the show's objective to establish a parallel between the musical life of European cabarets and what is happening in our days in the street; how they become a tragic and ironic reflection of the outside world. At certain times, Cabaret is a moral reading, half show and half daily life. With more than twelve actors, singers and dancers, and directed and presented by a flawless master of ceremonies, *Cabaret* is full of light and magic. Come by and see for yourself!"
